

The AME Group is a Western Canadian based Mechanical Engineering (Buildings Engineering) consulting company that specializes in sustainable and environmentally responsible design. Projects, located both in the lower mainland and around the world, range from the design of small residential complexes to large hospital and institutional facilities. Our company is a rapidly growing organization that provides competitive salaries and benefits while allowing excellent career opportunities and a great learning and mentoring environment. Our offices are located in Victoria, Vancouver, and Calgary, offering central locations as well as flexible work hours.

We are currently seeking to fill an intermediate position in our Vancouver office. Applicants should be motivated, talented, and committed team members. Creative thinking, a proactive attitude, good communication, organizational, and report writing skills are essential.

We are currently seeking an experienced engineer with an excellent track record – technically, and in project delivery and implementation. You will have considerable experience in HVAC, plumbing systems and fire protection in such diverse projects.

Responsibilities and Expectations

- Designing building mechanical systems including HVAC, plumbing, fire protection, building controls
- System design calculations, equipment selection
- Interfacing and meeting with other design professionals for project coordination
- Preparation of contract drawings using AutoCAD
- Incorporate sustainable design strategies
- Computer building simulation modeling

Qualifications and Experience

- Bachelors of Engineering (Mechanical) or Technical diploma in Building Design
- Up to 6 years technical experience (including internships)
- Familiarity with AutoCAD is required.
- REVIT MEP experience required

We offer:

- Competitive pay
- Every second Friday off
- Comprehensive health benefits

- Profit sharing
- Potential partnership and/or ownership

How to Apply:

Please apply in confidence by sending your resume, cover letter and references to careers@amegroup.ca
